

# WE'RE RECRUITING VOLUNTEERS ACROSS WILTSHIRE NOW!

## NO EXPERIENCE NECESSARY

Want to try your hand at being a local energy advice volunteer with the **Centre for Sustainable Energy**, a leading energy and climate change charity?

We're looking for volunteers to help us to deliver a project across Wiltshire that gives advice to people on saving energy in the home and managing energy costs.

Volunteers can help us by:

- Accompanying advisors on visits to people's homes to provide advice and support
- Helping to organise and attend local events to raise awareness of energy issues
- Helping people to take advantage of any grants or support available to them
- Giving talks to local groups

Want to find out more?

Come along to one of our information, training and induction sessions:

**Tuesday 26 January | 10.00 – 14.00 | Corsham**  
[cse-volunteer-induction-corsham.eventbrite.co.uk](https://cse-volunteer-induction-corsham.eventbrite.co.uk)

**Tuesday 2 February | 10.00 – 14.00 | Salisbury**  
[cse-volunteer-induction-salisbury.eventbrite.co.uk](https://cse-volunteer-induction-salisbury.eventbrite.co.uk)

A buffet lunch will be included as well as tea, coffee and biscuits. Travel costs to the venue (excluding taxis) and car parking expenses will be reimbursed.
